REVIVAL OF GOLD-EXPORT RUMORS ON NEW YORK 'CHANGE.

Downward Trend of Prices Only Briefly Interrupted-Local Markets Continue Steady.

At New York yesterday, money on call was easy at 11/202 per cent.; last loan, 2; closed at 114@2 per cent.

Prime mercantile paper, 41/25 per cent. Sterling exchange was dull and steady, with actual business in bankers' bills at \$4.89@4.89% for demand and \$4.88@4.88% for sixty days; posted rates, \$4.85\4@4.89\2 and \$4.89\4@4.90\4: commercial bills, \$4.87\4. Silver certificates, 67@674c; bar silver, 66%c; Mexican dollars, 53%c. At London bar silver was 39 3-16d per ounce.

Total sales of stocks were 255,373 shares, including: American Sugar, 54,300; American Tebacco, 7,200; Atchison, third assessment paid, 8,000; Burlington, 13,800; Chicago Gas, 20,500; Distillers, 18,700; General Electric. 19,900; Missouri Pacific, 4,500; Reading, 15,300: Rock Island, 20,800; St. Paul, 21,800; Tennessee Coal and Iron, 7,700; United States Leather Company, 3,200; United States Rubber, 4,600; Wabash preferred, 3,300; Wheeling and Lake Erie, 4,100.

The chief factor in the stock market yesterday was the revival of gold export rumors, which in the present speculative temper naturally exerted a depressing effect. The street has come to the conclusion that at least a temporary halt has been reached in the outward movement of gold and this sentiment has been encouraged by the reported steady, though moderate, increase in the supply of cotton and other bills. Members of the late government bond syn-dicate, however, still declare that further gold shipments, at the moment, are improb-

market was about equal in volume siness to that of the previous day, the alings being fairly well distributed. The granger and industrial shares were ous and Reading also reached inence. Leather stocks were helped by reported firmer tendency to the market for dry hides, which had recently been dull and rather depressed. The favorable effect on the grangers caused yesterday by the substantial increase snown in the Chiwestern earnings for August was lost sight of to-day, temporarily, on acthe dividend impending on Rock Island. Ac-tion on the subject will, it is understood, be taken to-day in New York. The market opened active and firm with slight gains e of the leading shares.

The bears promptly made a demonstration sainst the industrial stocks and soon extended their attentions to the coalers and grangers. The downward trend of prices was interrupted for but a brief period, around midday. The declines at the lowest figures are: Sugar, 2% per cent.; Cotton Oil, 2½; General Electric, 1%; Tobacco and Chicago Gas, 1%; and Lead, 1 per cent.; the grangers, 1@1%; the coalers, 1@2%, the last Jersey Central. In other prominent shares recessions were noted extending to 1% per ent., with Tennessee Coal, Manhattan, Canthern, Missouri Pacific and Wabash d conspicuous. The Leather shares layed marked strength in the early dealdvancing % 114 per cent respectively, were affected, however, by the weakin the general list in the late dealings lost %61% per cent. of the respective rovement. The speculation left off weak one with prices generally at the lowest

ds were weak on a moderate volume iding. The sales were, \$1,586,000. ernment bonds were strong. State onds were inactive.

MINING SHARES. Doubleday, Rope & Co., of Colorado prings, Col., give the following quotations:

Tuesday's Bank Clearings.

At Chicago—Clearings, \$14,526,000. Money on sharp call with approved local collateral, 4 per cent.; commercial and time, 514,06 per cent.; banks' call loans are quoted at 50514 per cent. For New York exchange 50c discount bid and 35c discount asked. Bankers' (London) sterling, \$4.89 and \$4.88.

At Philadelphia—Clearings, \$11,855,653; balances, \$1,808,972. ances, \$1.808.973. ances, \$347,473.

At New York-Clearings, \$109,549,916; bal-At Baltimore-Clearings, \$2,192,996; bal-At Boston-Clearings, \$16,709,213; balances At Cincinnati-Clearings, \$2,137,150.

LOCAL GRAIN AND PRODUCE. The Cooler Weather Improving Trade

-Prices Unsettled. In most departments a fair volume of business is in progress. The cooler weather has perceptibly helped dry goods houses and milliners. Grocers are busy and prices more unsettled. Eggs advanced to 13 cents.

shippers finding ready demand for all they can furnish. Poultry on increasing receipts is weak at quotations. Apples are firmer for good fruit, but there is considerable poor stock on the market. Peaches are still plentiful, but not as good as last week. Another week will about wind up shipments here. Grapes in large supply, but far from choice fruit, most of the arrivals being inferior. Irish and sweet potatoes in good supply and easy a quotations. The last few days there has been an improvement in the previous market, but prices are unchanged. Quinces are now on the market at \$202.50 per bushel. Other markets are without feature. The local grain market is dull. Receipts are light as well as shipments and track bids ruled as on Monday: Wheat-No. 2 red, 60c; No. 3 red, 57c;

The Cause Attributed by a Christian Scientist for a Child's Death.

IT'S MOTHER'S UNREPENTED SIN.

Coroner Castor yesterday took tes-Paul Trenary at the corner of Vermont street and Crawford avenue about a week ago. The child died of diphtheria, and without medical aid. The parents of the child are Christian Scientists, and when Sanitarian Wynn discovered the case, on the day of the child's death, he had much trouble in getting into the house. He found the child in the last stages of the disease. He administered such remedies as he had at hand, and went to a drug store for more and to call a physician. When he returned to the house the screen door was fastened, and it was some minutes before he succeeded in getting into the house again. He then found the child dead and the mother kneeling beside it praying. Such was the substance of Dr. Wynn's testimony before the coroner. Mrs. Grassow, a believer in Christian science, was also before the coroner. She declined to be sworn, saying it was contrary to the teaching of Christ. She also de-clined to affirm for the same reason. Her testimony was taken without this formality. She attributed the death of the child to some unrepented sin of "Sister Trenary." Mrs. Trenary announced her lack of faith in the skill of physicians, and said that the power to cure of sickness was in

Such cases have been so frequent that Sanitarian Wynn has determined to make an arrest in the next case of refusal on the part of parents to have a physician attend children, and thus make an example that he believes will have a salutary effect. Another great danger lies in the fact that these people pay no attention to the quarantine measures adopted for such cases, and mingle indiscriminately.

Marriage Licenses. Thomas Mason and Anna Gosch. Horace A. Comstock and Florence A James Powell and Nora Robison. Christian F. W. Hartman and Nora V.

Y. M. C. A. Reception. Last night the first reception of the season at the Y. M. C. A. was fairly well attended, about 250 members and their friends being present, a large number of ladies being in the crowd. During the early part of the evening the visitors assembled in the gymnasium to witness the basket ball game between the Bishop and Pritchard teams, the latter winning by a score of 8 to 6. Many of the ladies witnessed the game and seemed as much interested as their male escorts. The gymnasium has been closed for some time and the teams have had no opportunity for practice, but from their efforts last night the players give promise of good work this winter.

After the basketball game a musical programme was rendered in the parlors by the Milo Mandolin Club and others. Groups of players indulged in the various games that have been lately provided. The game tables were scattered about the parlors, the amusement room being used for a check room. Ice cream and other refresh-ments were served by the Ladies' Auxiliary.

WAS STRONG

FINAL ADVANCE OF 1 1-80 FOR DE-CEMBER FUTURES AT CHICAGO.

Shorts Apprehensive on Account Monday's Closing Flurry, and All Started in to Buy Early.

CHICAGO, Sept. 24.-Another short scare in wheat sent the market up again and December closed with a gain of 11/4c. May corn closed 1/c higher, May oats 1/sc higher, and provisions made slight gains, Wheat ruled decidedly strong, and at one

time was 1%c higher than it closed last

night. The news was not very important, but the local sentiment was unmistakably bullish. The flurry at the close yesterday left the feeling nervous, with shorts apprehensive, and when good buyers appeared this morning there was a general scramble to cover. But there was little wheat for sale, and the scarcity necessitated sharp competition in order to secure it. Cables were a little better and domestic markets strong and tending upward, while the revised figures of the world's shipments last week reduced the amount reported yesterday and showed that, instead of being more, were really considerably less than the weekly requirements. Baldwin & Farnum bought freely, and heavy buying orders also came from New York, which increased the anxiety of local shorts to cover. Logan, Brosseau, Lindbloom and other leaders were good buyers, and while there were occasional reactions, the movement was gradually upward from 58½c to 60c, the outside figures being reached before noon. On this bulge a good deal of long wheat was realized on, and there was heavy selfing for the short account, under which the market broke. The movement of winter wheat continues very light. December sold early at 58% @58% c, advanced to 59% c, off to 59c, then up to 60c, and off at noon to 59%c. During the last hour December sold from 69c to 594c, but then reacted to 594c. The trade was fair, and the feeling nerv-Corn was comparatively dull, but the

buying-in of shorts. Harry Champlin was to have covered about 250,000 of short May corn. contract oats in store showed a decrease of 97,000 bu since last week, and that, with the higher cash values, were the cause of the firmness. May opened at 20%c, sold up to 20%21c, and ended at 20%c.
Provisions benefited slightly by the strength in corn, and closed at some improvement over yesterday's final quotations. Pork for October is 7½c up and for January 10c. Lard is .02½ lower for October and .02½c higher for January. The principal business of the day was in October ribs, which gained .05c, while January rose .02½c. Armour was reported as giving some sup-port to October ribs. Estimated receipts for Wednesday -
